

Use this guide to understand which applications (apps) for your department will be available on Dec. 1.

[If an app that you use is not represented, ask your manager for assistance. Click here if you're curious about computer hardware, devices and other tools your department will use with Epic.](#)

Department	Current Application	Applications at 12/1		What else you need to know
Ambulatory	Athena Clinicals	Epic	*New/trained workflow	Athena will move into a read only state on 1/31 and then archived in ClearSense
	FOTO	Epic	*New/trained workflow	FOTO will be termed on 12/1.
Cardiology	BioTel CardioNet	BioTel CardioNet	utilize same workflow, integrated w/ Epic	Transferring/migrating to Aspirus; TBD.
	CardioDay (Ascension instance)	CardioDay (Ascension instance)	utilize same workflow, integrated w/ Epic	Moving to the Aspirus instance in Feb.
	GE Muse (Ascension instance)	GE Muse (Ascension instance)	utilize same workflow, integrated w/ Epic	Moving to the Aspirus instance in Feb.
	LifeNet (Ascension instance)	LifeNet (Aspirus instance)	utilize same workflow, integrated w/ Epic	Just a contracting change; continue to utilize LifeNet the same.
	Merge Cardio (Ascension instance)	Merge Cardio (Ascension instance)	utilize same workflow, integrated w/ Epic	Moving to Xcelera in Feb.
	Merge Hemo (Ascension instance)	Merge Hemo (Ascension instance)	utilize same workflow, integrated w/ Epic	Moving to the Aspirus instance end of '22
	Nihon Khoden (Ascension instance)	no change	utilize same workflow, integrated w/ Epic	Transferring/migrating to Aspirus-TBD.
Case Management	InterQual (Ascension instance)	InterQual (Aspirus instance)	utilize same workflow, integrated w/ Epic	InterQual will launch as part of the Case Management/Utilization workflows in Epic.
	MCG - API integration w/Athena	InterQual (Aspirus instance)	utilize same workflow, integrated w/ Epic	
	Optum	Epic	*New/trained workflow	
Clinical	Dragon	Dragon	copy/paste workflow within Epic	Will move to Mmodal once network cutover to Aspirus is complete - Phased rollout.
Dietary	CBORD (Ascension instance)	CBORD (Ascension instance)	utilize same workflow, integrated w/ Epic	This is a request transfer application and will be migrated to Aspirus infrastructure prior to 3/31.
Emergency Services	MEDHOST	Epic	*New/trained workflow	MEDHOST will go into a read only state on 1/31 and then archived in ClearSense
Imaging	3DR Labs	3DR Labs	utilize same workflow, integrated w/ Epic	Will move to Vitrea Images in February
	Hologic SecureView	Hologic SecureView	utilize same workflow, integrated w/ Epic	This is a request transfer application and will be migrated to Aspirus infrastructure at a TBD time.
	INVIA 4DM	INVIA 4DM	utilize same workflow, integrated w/ Epic	Will move to Autoquant/QPS/QPET in February
	Merge CADstream	Merge CADstream	utilize same workflow, integrated w/ Epic	Will move to View in February
	MergePACS	MergePACS	utilize same workflow, integrated w/ Epic	Will move to Philips One Vue in February
	PACS Scan/eXpedo/IBM efilm/PACSGear	PACS Scan/eXpedo/IBM efilm/PACSGear	utilize same workflow, integrated w/ Epic	Will move to PACSgear/PACScan in February
	PenRad (Ascension instance)	PenRad (Ascension instance)	utilize same workflow, integrated w/ Epic	Will look to move to Aspirus instance in February
	Powerscribe 360 (Ascension instance)	Powerscribe 360 (Ascension instance)	utilize same workflow, integrated w/ Epic	Will look to move to Aspirus instance in February
	RAPID iSchemaView	RAPID iSchemaView	utilize same workflow, integrated w/ Epic	Will move to Brain Perfusion /Syngo in February
	Syngo (Ascension instance)	Syngo (Ascension instance)	utilize same workflow, integrated w/ Epic	Will move to ViewPoint in February
	TeraRecon	TeraRecon	utilize same workflow, integrated w/ Epic	Will move to Vital Images in February
	Vitrea (Ascension instance)	Vitrea (Ascension instance)	utilize same workflow, integrated w/ Epic	Will look to move to Aspirus instance in February
Inpatient	Bed Management Board	Epic	*New/trained workflow	Bed Management Board will no longer be in use after 12/1.
	eWhiteboard	Epic	*New/trained workflow	eWhiteboard will no longer be in use after 12/1.
	GE Centricity	Epic	*New/trained workflow	GE Centricity will go into a read only state on 1/31 and then archived in ClearSense
	Meditech	Epic	*New/trained workflow	Meditech will go into a read only state on 1/31 and then archived in ClearSense
	NurseCall Responder 5, Navicare, Rauland	NurseCall Responder 5, Navicare, Rauland	utilize same workflow, integrated w/ Epic	This is a request transfer application and will be migrated to Aspirus infrastructure at a TBD time.
Lab	Meditech Lab	Meditech Lab	*New/trained workflow	Will move to Beaker in February

Department	Current Application	Applications at 12/1		What else you need to know
	Voicebrook	Voicebrook	utilize same workflow, integrated w/ Epic	Will move to Mmodal in February
Oncology	Aria (Ascension instance)	Aria (Ascension instance)	utilize same workflow, integrated w/ Epic	Will move to Aspirus instance before March.
	Mosaiq	Epic	*New/trained workflow	Mosaiq will move into a read only state on 1/31 thru 3/31, then archived in ClearSense.
Pharmacy	Alaris (Ascension instance)	Alaris (Ascension instance)	utilize same workflow, integrated w/ Epic	This is a request transfer application and will be migrated to Aspirus infrastructure at a TBD time.
	Instymeds (Ascension instance)	Instymeds (Aspirus instance)	utilize same workflow, integrated w/ Epic	
	MacroHelix (Ascension instance)	MacroHelix (Aspirus instance)	utilize same workflow, integrated w/ Epic	Will begin using Aspirus instance on 1/15/22
	Pyxis (Ascension instance)	Pyxis (Ascension instance)	utilize same workflow, integrated w/ Epic	This is a request transfer application and will be migrated to Aspirus infrastructure at a TBD time.
Rehab/Therapy	ReDoc	Epic	*New/trained workflow	ReDoc will go into a read only state on 1/31 and then archived in ClearSense
Sleep Lab	Natus (Ascension instance)	Natus (Ascension instance)	utilize same workflow, integrated w/ Epic	This is a request transfer application and will be migrated to Aspirus infrastructure prior to 3/31.
Surgical Services	PICIS	Epic	*New/trained workflow	PICIS will go into a read only state on 1/31 and then archived in ClearSense
Women's Health / OB	Centricity Perinatal	Centricity Perinatal	utilize same workflow, integrated w/ Epic	Will move to OBIX before March.
