

## Meeting the unique health care needs of veterans.

Aspirus At Home recognizes that Veterans may have special health care needs. Aspirus At Home represents Upper Peninsula hospice programs on the Michigan Hospice Veterans Partnership.

*Aspirus At Home does not discriminate against any person on the basis of race, color, national origin, disability, or age in admission, treatment or participation in its programs, services and activities, or in employment. For further information about this policy, please contact the Patient Services Director at: (906) 337.5700, TDD access 1.800.649.3777.*

## Aspirus At Home Caring for Veterans

# Aspirus At Home is proud to serve those who have served.

## Advocating for your health care rights

Many Veterans are unaware of the health care programs and services available to them in their community. Aspirus At Home will work with you and your physician, regardless of where he or she practices, to help you receive the health care you need when you are at home. We will help coordinate care and communicate with other medical providers involved in your care. We work regularly with physicians in private practice, as well as those at local hospitals and within the VA Medical System.

## Connecting you to community resources

We connect Veterans with the appropriate community programs and will work with you in:

- Your own home
- A nursing home
- Adult foster care
- Assisted living facilities
- Omega House, Houghton

Aspirus At Home will inform you of other programs or services that may be of benefit to you.

## Helping you receive the health care benefits you have earned

If you are a veteran we will help you receive the home health or hospice care you need by working with the Veterans Administration, Medicare, Medicaid, BCBS or other insurance providers.

## Options for your care.

### Home Health Care

- Nursing
- Physical therapy
- Occupational therapy
- Speech therapy
- Medical social work
- Home health aide

We can also help you with canes, walkers, nebulizers, commodes and other medical equipment.

### Hospice Care

If you or your loved one has a terminal illness, our team is available to help support you and your family with:

- Pain management
- Symptom control
- Grief counseling
- Physical, Emotional & Spiritual support

We provide the medications, equipment and supplies needed to manage care for you or your loved one as it relates to their end-stage illness.

*We educate our staff about the unique needs of Veterans including service-related disabilities, prosthetics, post-traumatic stress, and financial issues.*
