

## Northwoods- POCT Glucose Fingertstick Workflow

There is a specific workflow for the Northwoods locations when they are performing POC fingerstick glucose testing. The POC Glucometer devices are NOT interfaced so the results of the test will need to be manually entered into Epic by the nurse performing the test.

### Try It Out

1. The correct order must first be placed: **POCT Glucose Fingertstick**, Lab order **PNW331161**. This order is found in PNW Order Sets and can be entered as a single order using the search box.
2. Select the correct order.
3. Click **Accept**.
